

Director/Program Coordinator

Meet our Director

My name is Brittany Watson and I have been in the field of education for over 10 years. I possess a M.S. degree in Early Childhood Education and am currently pursuing a M.Ed degree in Special Education. I am the mother of three beautiful children and an aspiring children's book author.

At the Sanctuary PreK, we have designed a program that uses evidence-based practices in the field of early intervention paired with kindergarten readiness to help children reach their fullest potential.

Parent Testimonials

"Before Brittany began sessions with my daughter, she could only say a few words. It was very frustrating for my husband and I to not be able to communicate with her. Brittany was able to connect with my daughter and I saw amazing improvements in her speech and behavior." Terry, NC

"Brittany's work with my son has helped to develop his language tremendously. After each session, I noticed that my son's language and communication skills were increasingly becoming more developed. She gave him confidence in speaking, which he did not have before. She has been a blessing in his life and I am forever thankful for her services."
- Natasha, NC

Who We Are

Vision

To meet the needs of parents and families in our community by providing high-quality, affordable Christian childcare and education programs that focus on the holistic development of the children in our care.

Mission

To apply evidence-based practices in an inclusive small group setting to effectively meet the needs of each child. Appropriate developmental goals are established for both atypical and typically developing children with progress consistently monitored through ongoing assessments.

Hours of Operation

Monday – Friday, 8am -12pm

Ages 2-5

Language Development Program

Our inclusive Language Development Program is designed to meet the communication milestones of toddlers, when speech and language development is most critical. Each child is given an initial assessment to determine receptive and expressive language skills. Individualized goals are used to address any deficit area. From children who require specialized instruction to those who simply need an opportunity to socialize, the Language Development Program addresses their needs in an inclusive small group setting.

Language Development Program FAQ

Who will benefit from this program?

Any child who needs to develop socialization skills or demonstrates a delay in language acquisition

What is the enrollment process?

After you have completed the registration form and submitted it online, a staff member will contact you to schedule the intake assessment. The program director will discuss the assessment results with you and help you select the goals most appropriate for your child's ability level

How is my child's progress monitored?

Progress is monitored through daily notations and monthly assessments

Tuition*

3 days per week (MWF) - \$55

2 days per week (T TH) - \$40

*Daily rates are not available for the Language Development Program

PreK Classroom

Kindergarten Readiness Program

In recent years, school systems have begun to look at a child's physical, social, and cognitive development to determine if he or she is ready for kindergarten. This new approach has made the need for quality pre-kindergarten programs much more prevalent. At The Sanctuary Pre-K, pre-readiness skills are incorporated into each student's individualized learning goals. Assessments are conducted regularly to determine student progress and problem areas.
